

## About Healthcare

The US Bureau of Labor Statistics predicts healthcare will be the fastest-growing industry in the country through 2020! There are numerous opportunities both in direct patient care (such as CNA, Nursing, or Phlebotomy) and non-patient care (such as Medical Billing or Coding, and Patient Registration). There are also great opportunities to grow in your career with experience and continued education!

## Education 2 Employment Overview

Depending on the needs for your chosen training program, in the Education 2 Employment Health program you may learn basic Anatomy and Physiology, Medical Terminology, medical math, Career readiness and exploration, and financial literacy as well as getting CPR and First Aide certified. After this preparatory learning experience you will begin your career training programs.

## Benefits of the Education 2 Employment program

- Tuition toward your chosen training program, including tuition, fees, and books
- Assistance with required uniform or equipment purchase
- Personal assistance and guidance from a dedicated Pathway Navigator

You will also:

- Earn industry certifications!
- Grow your leadership and career skills!
- Learn from industry professionals!

## About Your Navigator

Hi! My name is Rachel. I have just started with Education 2 Employment program but I have been employed at Iowa Western for almost four years! I have a Bachelor's degree in Human Services and a Master's in General Counseling. I recently had a baby girl so I love watching her develop and I love spending time with my husband and two dogs. I enjoy nothing more than great weather and time with my family outside!
