Access to Information

Student rights concerning access to educational records are spelled out in Federal Public Law 98-380 as amended by Public Law 95-568 and in regulations published by the Department of Education. - Access is given only through the Records and Registration Office and only when the parent or guardian presents photo identification or when the parent or guardian requests that information be sent to the email address listed below.
- Under no circumstances will information be disclosed over the phone.
- Please do not contact instructors or faculty members directly; they cannot disclose information.
- The consent to release information is valid for one year from the date listed below and may be revoked at anytime by written request from the student.
