- E. Foster critical thinking

## **COURSE PRACTICES:**

This syllabus serves as a contract between the faculty and the students. All course work must be submitted through the ROC LMS. Emailed work will not be accepted without prior instructor approval.

## **ATTENDANCE REQUIREMENTS**

Student "attendance/participation" will be recorded on the following dates: 12/19, 12/22, 12/25, 12/28, 1/30, 1/2. It is expected that students log-in and participate in this on-line course on a regular basis. Specifically, students are expected to participate in the course (via ROC) 80% of the days (16/20 days). **Please note that this is not a self-paced course.**

## **PARTICIPATION REQUIREMENTS FOR ONLINE COURSES:**

Online courses require a clear pattern of participation for all students. The attendance standard for IWCC is that each student logs in and participates in meaningful ways, i.e. assignment completion, forum discussion, quiz completion, etc., within the course outline a minimum of one time each week. A week is measured from Monday through Sunday. If this standard is not met for any week within the course term, you will be marked as absent in the attendance for the week. Multiple instances will result in loss of 1 grade level (i.e. an 'A' becomes a 'B', etc).

## **ONLINE CLASSROOM MANAGEMENT AND BEHAVIOR**

It is expected that all students in the online environment address classmates and the instructor cordially and professionally. While debate and discussion may be the norm in a college classroom, doing so respectfully is the class standard. (I will address you in a way that recognizes the respect and dignity you deserve as a scholar at this institution, and I expect the same from you to each member of the course. This standard applies to all of us even during moments of disagreement.) Any violation of this policy could result in the loss of points and a meeting with the dean.

## **STANDARDS FOR WRITTEN WORK**

Unless otherwise stated, your responses/assignments must be typed in APA format (double-spaced, with 1-inch margins & 12-point Times New Roman font). Standard English grammar and punctuation must be followed. Include your name, date, and class/section at the top of the (first) page. Multiple page responses should have page numbers. Written responses submitted electronically must be in 1 of the 3 following formats - Word (.doc or .docx), Rich Text (.rtf), or Adobe PDF (.pdf).

### **LATE PAPERS, ASSIGNMENTS, MISSED EXAMS/QUIZZES**

**LATE ASSIGNMENTS WILL NOT BE ACCEPTED—NO EXCEPTIONS. There are absolutely NO MAKE UP TESTS, ASSIGNMENTS, ACTIVITIES, QUIZZES, etc.** Please do not ask. The test dates are noted on the schedule at the end of the syllabus as well as on the Calendar in ROC/Moodle. There will be no retakes of exams.

### **INSTRUCTIONAL TECHNIQUES AND PRACTICES**

Students will have access to power points lectures, film, and internet resources. See evaluation methods. In addition to readings from your text, you may have internet assignments, lecture notes, and power point presentations. Power Point Presentations (PPT) and/or Lectures Notes are required readings and students are responsible for understanding the material. Everything mentioned in “lecture”, online discussion or outside activities is “fair game” in the exam, thus is important to keep up with the required readings and assignments to prepare for the exams.

### **EXTRA CREDIT**

Extra credit opportunities (pop quizzes, bonus exam questions, etc.) may appear at the discretion of the instructor and will be available to all enrolled students. If you are not present when the extra credit is offered, you miss out on that opportunity. The maximum amount of extra credit that can be earned is 5% of the final grade total. Individual extra credit is not offered.

### **COMMUNICATION WITH INSTRUCTOR:**

The best way to contact your instructor is via email. Students and faculty must use their IWCC email when contacting the instructor about matters related to the course. Please read the page ‘Rules of E-Mail Etiquette’ on the course Introduction ROC page. In your subject line or message, include the course/section in which you are enrolled to better assist me in addressing your concerns. Allow 1 business day for a response.

### **GRADING:**

**EXAMS** (375 points):

There will be 5 exams worth 75 points each given at the end of each unit as scheduled. All exams can be accessed in the respective unit folder on the course page. Each exam will be accessible at the dates specified on the course schedule, please see the course schedule for these dates.

Exams will be a mixed format consisting of (but not limited to): completion (fill-in-the-blank), multiple guess, true/false, matching, and/or short answer questions that cover information from class (“lecture”, readings, videos, homework, activities, etc.). Exams will not be cumulative.

Exams will be timed, with students having 2 hours (120 minutes) to complete each exam. There are no make-up exams, please see the section titled ‘Missed Exams’.

If the instructor becomes aware of academic dishonesty on a test, a “0” will be given for the exam. This includes using a computer with the same IP address with a login time within 30 minutes of each other. Other examples of academic dishonesty include sharing answers/receiving answers from another student, someone other than you taking the exam, taking a picture/screenshot of any part of the exam, or printing/attempting to print a copy of the exam.

#### **THREADED DISCUSSIONS** (125 points):

Discussions are a form of creating rich, quality discussions online. Each student is required to participate in the discussions. The discussions should be used as a setting where students and instructor respond to questions, videos, web sites, or concepts related to the issues we will cover in the course.

You will be required to write one (1) well thought out response (at least 10 thorough sentences) to the question/statement introduced by the instructor and respond at least one (1) additional time to the comments of your fellow classmates with facts/opinions/ideas (these responses should be thorough – at least 2 sentences).

Students are also encouraged to initiate questions and engage in student-to-student interaction. If someone responds to you....you should respond back.

There will be 1 online discussion question/statement assigned for each unit. The discussion topics will be relevant and controversial questions posed regarding that particular unit. Each discussion is worth 25 points. Specific due dates for each discussion are listed on the course schedule.

Late policy on discussions: You cannot make up discussions submitted after the due date.

Netiquette Statement for posting online discussions:

In order to maintain a positive online environment for our class, we all need to follow the netiquette guidelines summarized below.

All students are expected to:

1. show respect for the instructor and for other students in the class
2. respect the privacy of other students
3. express differences of opinion in a polite and rational way
4. maintain an environment of constructive criticism when commenting on the work of other students
5. avoid bringing up irrelevant topics when involved in group discussions or other collaborative activities

The following list summarizes the kind of behavior that is not acceptable. Each item listed below is grounds for removal from the class.

Students should not:

1. Show disrespect for the instructor or for other students in the class
2. Send messages or comments that are threatening, harassing, or offensive
3. Use inappropriate or offensive language
4. Convey a hostile or confrontational tone when communicating or working collaboratively with other students
5. USE ALL UPPERCASE IN THEIR MESSAGES -- THIS IS THE EQUIVALENT OF SHOUTING!!!

If I feel that a student is violating any of the above guidelines, I will contact that student to discuss the situation in person. If you feel that a student is behaving inappropriately, please send me a private e-mail message explaining the situation as soon as possible.

**PRACTICE EXAMS** (125 points):

For each unit there will be a 25 question practice exam worth 25 points. You must take the practice exam at least once in order to unlock the Unit Exam, however you will be able to take the practice exam as many times as you want. The practice exams will be a mixed format consisting of (but not limited to): completion (fill-in-the-blank), multiple guess, true/false, and matching. The exams will be timed, with students having 1 hour (60 minutes) to complete each exam.

**NOTE:** For all assignments, activities, and exams unless otherwise allowed it is assumed that the work being submitted is the work of the student submitting it and only that student. Any cheating, collaboration, or plagiarism will result in a '0'

for that submission and a meeting with the dean. Particularly serious offenses may result in a failure of the entire course.

**FINAL GRADE SCALE:** 625 – 562.5: A / 562.49 - 500: B / 499.99 – 437.5: C / 437.49 - 375: D / 374.99—Below: F
