

## Construction Program Toolkit

Students in the Construction programs are required to have a toolkit for lab activities. This document provides a list of the minimum requirements. A toolkit may be purchased directly from the IWCC cashier. It is best to purchase it prior to the beginning of the semester to insure delivery in time for lab activities. If you currently own some tools of professional quality, you can purchase what you need to fill out your set. Sets must consist of professional grade tools and match the required minimum list.

- Tool kits will be kept in the program area and must not be removed until the student has completed the program. Program staff and the student will inspect their toolkit and contents when the student leaves the program.

The total cost of tools for this program is estimated to be approximately \$340. If you have financial aid and expect a refund this semester, you may be able to apply the refund toward the purchase of your toolkit. To see if you have a refund coming to you, contact your College Success Advisor.

## Toolkit Minimum Requirements

Retractable Blade Utility Knife  
Beveled Chisel Set – 3-piece  
SAE/Metric/Torx Folding Hex Key Set – 3 pack  
Pliers Set - 2 Piece: Slip-Jaw Pliers and Dykes - side cutters  
9" Magnetic Torpedo Level  
25' Magnetic Tape Measure  
8"-12" Claw Nail Puller  
6 in 1 Multi-Bit Screwdriver Set
