

Diesel Mechanic Registered Apprenticeship

Beginning August, 2024!

Create new pipeline of skilled employees through the Iowa Western Registered Apprenticeship Program.

Apprentices earn while they learn with three years (approx. 6,000 hours) of on-the-job training and 448 hours of classroom instruction.

Registered Apprenticeship is a proven tool to help address your workforce needs.

- Improve productivity, profitability and your bottom line.
- Reduce turnover, improve loyalty and retain top talent.
- Vet workers and instill your company's culture.
